FINANCECOMMUNITY AWARDS

The **Financecommunity Awards** recognize excellence in the financial sector.

Advisors, investors, banks, private equity, and asset management companies are, among the market players, those who most stimulate and contribute to the country's economy.

They are also those who, often working alongside companies step by step, contribute to their growth and consolidation, both from a speculative point of view and for a positive development of the Italian financial system.

Through this award, **Financecommunity.it** wants to give prominence to the professionals of the sector and to the excellences that during the year have distinguished themselves for the number and type of transactions followed, for the value of the deals and for their peculiarities.
